8-Day Motorcycle Tour North of the Arctic Circle

Day 1: The tour begins in Kiruna, where the guide meets you at the airport or other agreed-upon place. You will spend the first night at our Wilderness Camp about 25 kilometers north of Jukkasjärvi. Here you will dine, and have the opportunity to take a sauna bath as well as a swim in the lake Väkkäräjärvi. Dinner will be served in the early evening and we will go through where we will be traveling during this tour. Your guide, who speaks both German and English, will answer all of your questions.

Day 2: The tour starts out from Väkkäräjärvi and we make our first stop already in Jukkasjärvi to experience what ICEHOTEL has to offer. Our next stop is central Kiruna where everyone will travel down into the world's largest iron ore mine, LKAB Kiirunavaara. A tour bus will take us down below to 550 – 750 meters to see, among other things, the mining museum.

We follow up with lunch and then leave Kiruna and head towards the Swedish/Norwegian border, where we'll take our next stop, having traveled for about 1,5 hours. Arrived and settled, your guide will treat you to snacks and coffee brewed over an open fire out in the countryside as he tells you about this spectacular area.

Having rested, we continue on down through the valley towards the Norwegian coast. We will be spending our first night in the Lödigen area; this first-day stage has taken us about 300 km.

Day 3: Following breakfast, we head out to the heart of Lofoten. Today's stage will be about 300 kilometers. Having arrived at our day's destination, we will overnight in cabins out at Reine.

Day 4: We will visit one of the few Viking museums in the world and then continue on our trip towards the northern regions of Norway. We will overnight at Kåfjord on route towards Nordkap. This day's stage has taken us about another 580 kilometers.

Day 5: During the day we will visit Nordkap, the northernmost accessible place on mainland Scandinavia. Our return trip takes us towards Norway's easternmost place, Vardö, then continuing southeast towards Kirkenes. We overnight along

the road in Lakselv. This is the longest stage of our journey, covering about 650 kilometers.

Day 6: After breakfast, we head off towards Vadsö and Vardö, ending our day in Kirkenes, having covered about 600 kilometers.

Day 7: The final leg of our journey takes us from Kirkenes over to northern Finland and towards Sodenkylä. Here we will spend the night and experience a genuine Finnish Sauna and good food. This stage has taken us about another 400 kilometers.

Day 8: This last day of our tour returns us to Kiruna, traveling mostly along historical gravel roads. This home stretch is about 400 kilometers long.
